

Mitsuoka Motor to launch overseas sales of hearses from Taiwan

We, Mitsuoka Motor Co.,Ltd. (President: Akio Mitsuoka / Headquarters: Toyama, Toyama Prefecture) hereby officially announces the sales of "Mitsuoka Hearse Type 5 (5-Seater)" in Taiwan through Fahman Motors (President: Jacky Hsieh / Headquarters in Taoyuan City) whom signed an exclusive distribution agreement for Taiwan market.

After we concluded an exclusive distribution agreement for sales of our hearses in Taiwan market on March, 2015, we have been working on the preparations for sales of our hearses in Taiwan. As "Mitsuoka Hearse Type 5" was tested and legally certificated in Taiwan this time, we will begin full-scale sales of "Mitsuoka Hearse Type 5" in Taiwan.

"Mitsuoka Hearse Type 5" is a large, limousine-style hearse with the total length of 6,560mm. It is based on "Galue" and features a 1,200mm extension of the wheelbase and a 400mm extension of the rear overhanging part.

We have changed its specifications to comply with the laws and regulations in Taiwan. "Mitsuoka Hearse Type 5" being sold in Taiwan is left-hand drive and its standard body colors are black and pearl white.

We plan to begin sales of "Mitsuoka Hearse Type 5" in Taiwan in October, 2016. The annual sales target is set to be about 10 units.

In Taiwan, hearse is used for transportation of the deceased from a funeral home to the crematorium as in Japan.

However, in Taiwan, hearses build based on big automobile manufacture's vehicles are imported from various countries and used as conversion/modification of a vehicle into a hearse is not allowed.

"Mitsuoka Hearse Type 5" is a hearse with classic design which is rarely seen in Taiwan and also features the latest technology. We believe it will definitely be able to meet the expectations of Taiwan market.

Starting the sales in Taiwan, we strive to strengthen overseas sales of our hearses carefully made by hand of our skilled craftsmen.
